

A solid touch of class

Brass knobs

Expertly made and finished for optimal functionality, gleaming brass knobs are highly decorative. Solid brass knobs are available in different finishes to match the furniture type and design.

Info tip

Brass knobs

Processing:

- Brass knobs are turned from solid stock or die cast.

Finish:

- Brass blanks can be galvanically coated or even given a coloured finish.

Applications:

- Galvanically coated versions are used on modern furniture in all living areas. A matt chrome-plated surface harmonizes especially well with aluminium frames and fronts.
